

# CHEM 210 – Fall 2009 Waitlists

## AC Lab (MW 9:10-12:05) Waitlist

There is currently space available in the AC section to add 4 students to the section. The waitlist below is in order of waitlist priority. If you are one of the first 4 students, please attend this lab section on Monday August 24, you will be provided with an add code. **Add codes will be provided early in the class. Please arrive on time in order to maintain your waitlist priority!**

Additional spots may be available on that day. If so, we will move down the waitlist in this order. **You MUST be present in order to be added to the class.** I recommend that if you are below #4 on the list that you attend to see if a spot is available.

**It is very likely that there will be additional space in the AE section.** If you do not get into another section that you want, I recommend you attend the AE lab section on Monday, August 24 to see if you can add. You must attend to be added to the section.
