Science-related Seminars presented by MESA, Bridges to Baccalaureate (SFSU) and the Skyline College Chemistry Department

Tuesday, May 19, 2009

“Using computational homology to predict responses to chemotherapy in breast cancer patients” by Ben Borgo

Ben Borgo is a former Skyline College, Bridges and MESA student who is finishing his bachelor’s degree in applied math at SFSU. While at SFSU, Ben has done research in Dr. Javier Asuaga's lab on DNA and other bio-math topics. Ben will be entering a Ph.D. program at Washington University in St. Louis this Fall.

Time: 4:00 pm

Room: Building 7, Room 7-106
