Science-related Seminars presented by MESA, Bridges to Baccalaureate (SFSU) and the Skyline College Chemistry Department

Tuesday, May 05, 2009

“Creating a robot mouse with Electronic Sensory Analysis”

by Leo Szeto, Jon Weiner and James Chan

MESA students Leo Szeto, Jon Weiner and James Chan will reprise their presentation from the Second Annual Community College Honors Research Symposium:

CMouse – a micromouse robot armed with artificial intelligence, mapping abilities and electronic sensory arrays capable of solving a maze with dynamic object retrieval skills.

Time: 4:00 pm

Room: Building 7, Room 7-106
