3.4	1 – 9 (all), 16, 20, 21, 24, 28	
3.5	1 – 10 (all), 14, 16, 20, 21, 22	

- Homework is due at the beginning of class the class on **Thursdays**.
- Check the class website for the most updated assignments on the “Homework Assignments” page.
- The quiz on Thursday is based on the homework assignment due since the previous quiz.
- Please copy the relevant information from the problem and **show all of your own work** for full credit. You can also ask homework questions at the beginning of each class before the assignment is due. In addition, please seek help outside of class in the Math Lab.
