

# Math 110 and 120 Online

## Accelerated Course

Spring 2012

Instructor: Evan Innerst

email: [innerst@smccd.edu](mailto:innerst@smccd.edu)

Phone: 650-306-3256

Office: 18-306

Office Hours: M- Th: 9:45 – 11

### Materials

Text: Elementary and Intermediate algebra by Jay Lehmann with an access code for MyMathLab

Calculator: A graphing calculator such as the TI-84

### Types of assignments

Course website: All of the online components for the course will be done on MyMathLab which can be found at [www.coursecompass.com](http://www.coursecompass.com) (See the back for more information on how to log in).

**Homework (25% of the grade):** There are between 10 and 20 problems for each section of the book which are to be completed on MyMathLab. You may work the problems an unlimited number of times. You need to get 80% in each of the HW assignments before you can take the quiz for that unit. You should expect to spend 1 – 2 hours per assignment and there are about 4 to 6 assignments per week. See the suggested schedule to see when you should complete each section

**Quizzes (15% of the grade):** There is a quiz of about 10 questions for each unit to be taken on MyMathLab. You will have 3 chances to take these quizzes. You must score 80% or better on each of the HW sections in the unit before you can take the quiz.

**Tests (60% of the grade):** For each course (math 110 and math 120) there will be a midterm to take online and a final to take in the Learning center. You must have 80% or better on each HW assignment and attempt all of the prior quizzes before you can take the midterm or the final for a class.

Midterms are taken in MyMathLab and you are given one chance to take the midterm.

The finals will be taken in the learning center. When you have completed everything, then you will send a request to me (at least one week in advance) and I will put it in the learning center for you.

Test	Coverage
Math 110 Midterm	Chapters 1 -4
Math 110 Final	Chapters 1 – 8, 12.1 – 12.3
Math 120 Midterm	Chapters 9 and 10, 11.1 – 11.4
Math 120 Final	Chapters 9 – 13, 15.1 – 15.3

**Signing up for math 120:** You do not sign up for math 120 until you have completed or are close to completing math 110. You should not sign up for math 120 after March 25<sup>th</sup>. So, if you fall behind and only finish math 110, at least you have that done and you won't have to repeat it. You would then be able to take math 120 in the following semester.

**Grades:** Final grades will be calculated on the following scale

90 – 100%      A

80 – 89%        B

70 – 79%        C

60 – 69%        D

0 – 59%          F

**Math 110/120 Accelerated Course  
Suggested Schedule  
Spring 2012**

<b>Unit</b>	<b>Dates*</b>	<b>Things to do</b>
1	1/18- 1/22	Orientation, Chapter 1, Quiz 1
2	1/23 – 1/29	Chapter 2, Quiz 2
3	1/30 – 2/5	Chapter 3, Quiz 3
4	2/6 – 2/12	Chapter 4, Online Midterm (chapters 1 – 4)
5	2/13 – 2/19	Chapter 5, Quiz 4
6	2/20 – 2/26	Chapter 6 (skipping 6.4), Quiz 5
7	2/27 – 3/4	Chapter 7, Quiz 6
8	3/5 – 3/11	Chapter 8, Quiz 7
9	3/12 – 3/18	12.1 – 12.3, Final exam for Math 110
10	3/19 – 3/25	9.1 – 9.4, Quiz 8
11	3/26 – 4/1	9.5 – 9.7, 10.1 Quiz 9
	4/2 – 4/8	Spring Break
12	4/9 – 4/15	10.2 – 10.5, Quiz 10
13	4/16 – 4/22	11.1 – 11.4, Online Midterm ( ch 9 to 11.4)
14	4/23 – 4/29	11.5, 11.6, 12.4, 12.5, Quiz 11
15	4/30 – 5/6	12.7, 12.8, 13.1, 13.2, Quiz 12
16	5/7 – 5/13	13.3 – 13.5, 15.1, Quiz 13
17	5/14 – 5/23	15.2, 15.3, Final exam for Math 120

**\*The dates are given as a suggestion of how you can finish both classes in one semester.**

**MyMathLab** is an interactive website where you can:

- Self-test & work through practice exercises with step-by-step help to improve your math skills.
- Study more efficiently with a personalized study plan and exercises that match your book.
- Get help when YOU need it. MyMathLab includes multimedia learning aids, videos, animations, and live tutorial help.

### Before You Begin:

To register for MyMathLab you will need:

- A MyMathLab student access code** (packaged with your new text, standalone at your bookstore, or available for purchase with a major credit card at [www.coursecompass.com](http://www.coursecompass.com))
- Your instructors' Course ID number: Math 110 part - innerst47034**  
Math 120 part - innerst39834
- Your school's zip code: 94061**
- A valid email address**

### Student Registration:

- Go to <http://www.coursecompass.com> and click the **Register** button under Students.
- Review the **Before You Start** information to ensure you have everything you need to register; click Next.
- On the Course ID page:
  - Enter the Course ID and click on Find Course
  - Choose your enrollment method
    - If your student access code came packaged with your textbook, select Access Code.  
(Select "Buy Now" to purchase online access using your credit card)

- Enter your student access code as displayed; use the tab key to move from box to box and use all **CAPITAL LETTERS** when entering the access code. Click Next.
- Please read all information in the License Agreement and Privacy Policy. Click on Accept if you agree to the terms.
- On the Access Information screen:
  - **If you have registered for other Pearson online products** and already have a login name and password, **select Yes**. Boxes will appear for you to enter your login information.
  - **If this is the first time you have registered for a Pearson online product, select No**. Boxes will appear for you to enter your desired login name and password. You may want to use your email address as your login name. If you do not use your email address, be prepared with a second login name choice if the one you first selected is already in use. Your login name must be at least 4 characters and cannot be the same as your password.
  - **If you aren't sure whether you have a Pearson account or not, select Not Sure**. Enter your email address and click Search. If you have an account, your login information will be sent to your email address within a few moments. Change your selection to Yes, and enter your login name and password as directed.
- On the Account Information page, enter your first and last name and email address. Re-type your email address to make sure it is correct.
- In the School Location section, select United States from the School Country drop-down menu. Enter your **school zip code**, and then select your school from the drop-down list.
- Select a security question and answer to ensure the privacy of your account. Click Next.
- When your registration process is complete you will see a confirmation screen. Click Log In Now to reach CourseCompass, and click Log In. Enter your login name and password and click Log In.

#### Logging In:

- Go to [www.coursecompass.com](http://www.coursecompass.com) and click on Log In. Enter your login name and password and click Log in.
- On the MyCourseCompass page, click on the course name to enter your instructor's course.
- The first time you enter your course from your own computer and anytime you use a new computer click the **Installation Wizard** on the announcements page or navigational button at the bottom left of the screen. The wizard (or Browser Check) will detect and then help you install the plug-ins and players you need to access the math exercises and multimedia content in your MyMathLab course. Follow the screen instructions to complete this process. NOTE: Check with your instructor to ensure all plug-ins are installed in the college computer labs.
- After completing the installation process and closing the wizard you will be on your course home page and ready to begin exploring your MyMathLab course.
