

# 9/11 Anniversary Events at Skyline College

## Forum on 9/11 and Civil Liberties (A Constitution Day event)

*Thursday, September 15*

*12:30 p.m., Room 6202 (Building 6)*

Join us to hear and discuss issues about:

- How the government's response to the 9/11 attacks has affected Arab and Muslim communities as well as other immigrant groups;
- How the loss of civil liberties in the wake of 9/11 has echoed some of the experiences of Japanese Americans interned during World War II;
- How the PATRIOT Act legislation following 9/11 has limited civil liberties and privacy in libraries.

Panel members: Eric Brenner (Library), Tarek Eljarrari (Psychology), Masao Suzuki (Economics) and George Wright (History). Moderator: Donna Bestock (Dean, Social Sciences/Creative Arts). A question and answer session will follow the presentations. This forum is a Constitution Day event.

Certificates of attendance will be given to students who attend these events so faculty may provide extra credit for attendance if appropriate to their courses.
