
Common Exercise Problems

Kevin Nilson, <http://www.smccd.net/accounts/nilsonk/smc2006springcis125/s06cis125welcome.html>

Abstract

Common Exercise Problems, Visual Basic .NET I, Spring 2006

Summary of Problems:

- Renamed source files emailed without a README.txt
- Missing images
- Empty Methods
- Tab Order

Additions Needed:

- Name should be included as a comment at the top of each file
- Comments explaining the purpose of the file
- The Program exe should be included
- A README.txt file containing any build instructions
